## About Me

I'm a dedicated and values-driven Junior Website Developer with a strong foundation in both frontend and backend technologies. I'm currently pursuing a degree in Computer Science at the University of the People and hold specialized certifications in React JS, Laravel, and PHP. My technical toolkit is complemented by a passion for sustainability and community development, and I'm eager to apply my skills in HTML, CSS, and JavaScript to build impactful digital solutions. I'm a collaborative team player who thrives on problem-solving and continuous learning, and I'm looking for an opportunity to contribute to a purpose-driven organization where I can grow as a professional while making a positive difference.
